Sector Three Activities

Multimedia Master Activity

This activity will assist you to demonstrate the following outcomes:

⦾ Outcome 4 – Information and Communication Technologies in Society.

Activity 3.3

Research the emergence of online and console gaming and then:

⦾ prepare a presentation or single page website that explains how games are classified

⦾ argue which game console you think is the best in terms of creating a virtual reality experience

⦾ outline how the increased performance of games and gaming consols has had an impact on society.

Be prepared to back your claims with evidence and examples.
