

Border – an outline or box drawn around the map

Orientation – indication of direction, usually shown with a north arrow or compass

Legend – explanation of the symbols, colours and patterns used on the map

Title – heading that describes the map and what it is showing

Scale – indicates what distances on the map represent in the real world. Can be shown 3 different ways: written, line or ratio

Source – where the information used to create the map came from. If these details are not known write 'source: unknown'. If you have created the map with your own data 'source: own map'
